DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ronald Smith on 8/20/2007. The application has been amended as follows:

In **claim 1**, lines 40-42, delete "said main body of said net being fully extended when said net is fully extended, when said net is fully retracted, and when said net is in any of said infinite number of functional positions of adjustment between said fully extended and fully retracted positions,"

Allowable Subject Matter

2. Claims 1 and 5-8 are allowed.

3. The following is a statement of reasons for the indication of allowable subject matter: the prior art of record does not render or teach obvious an instrument capable of capturing and removing intraocular foreign bodies comprising a base having an elongate slot, a net, and a truncate slot in open communication with the leading edge of the base. A control member is slideably mounted within the elongate slot and determines the position of the net, from fully extended to fully retracted. The net

extends below the bottom wall of the elongate base when fully extended, fully retracted, and the infinite number of positions between

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
